

THE EVENT FOR PEOPLE WITH PROJECTS

ECO ZONE

Saving money, energy
and the environment
at

EARLS COURT, LONDON
30 SEP - 2 OCT 2011

THE ECO ZONE - saving money, energy & the environment

This brand new experience at The National Home Improvement Show will deliver products, innovative ideas and expertise across a raft of 'sustainable' initiatives. With a third of last years visitors attending in order to get advice, guidance and product information on ecological products and services - this will be of huge visitor interest. Charlie Luxton will also be on hand to offer advice and present seminars.

The Pavilion will offer products ranging from simple solar panels to more complex eco systems and is likely to be a Mecca for anyone with a thirst for eco knowledge and products. As consumer interest in this area goes through the roof - ensure your company is best placed to maximise it by being here.

Areas include:

- Solar Heating/PV
- Alternative Heating Systems
- Natural Paints
- Insulation
- Recycled Materials
- Thatching
- Rainwater Systems
- Waste Systems
- Other eco / energy saving products & services

Get Involved

You could exhibit from as little as £1580 for a 4m² stand including shell scheme. How else could you get 17,000 visitors to hit your website or walk through your showroom over 3 days?

To enquire about stand options please contact the team on 01527 834480 and we will look at a package to suit your needs.

Charlie Luxton
will be presenting seminars on all three days
